

# Snowflake Bentley

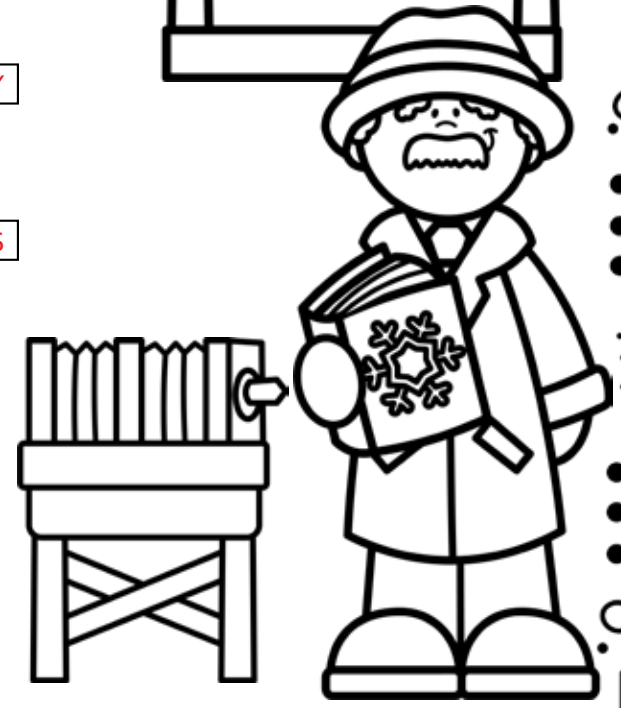

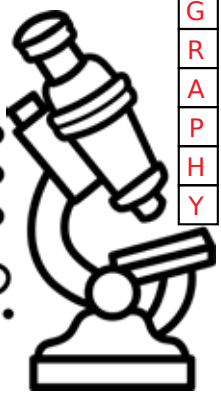

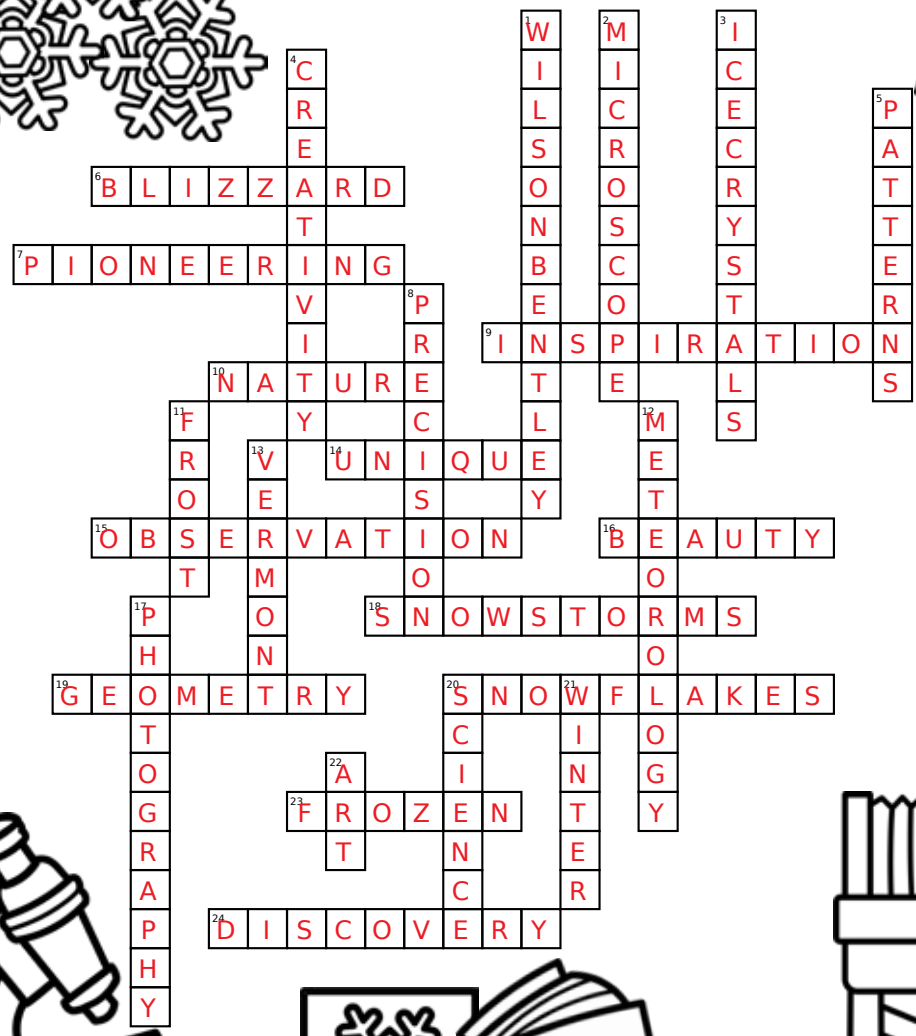

**Down:**

1. The man known as "The Snowflake Man"
2. Instrument used to see tiny details
3. Frozen formations that make up snowflakes
4. Use of imagination to create something
5. Repeated designs or arrangements
8. Exactness and accuracy in details
11. Thin layer of ice on surfaces
12. Study of weather and climate
13. State where Snowflake Bentley lived
17. Art and science of capturing images
20. Systematic study of the natural world
21. Season when snow is most common
22. Creative expression of human imagination

**Across:**

6. A severe snowstorm with strong winds
7. Being the first to explore or create
9. Stimulus to create or do something
10. The physical world and its phenomena
14. One of a kind, like every snowflake
15. Act of closely watching something
16. A quality that pleases the senses
18. Weather events with heavy snowfall
19. Mathematical study of shapes and patterns
20. Delicate ice crystals that fall from the sky
23. Turned into ice or solidified by cold
24. Finding something previously unknown
