Beautiful bluebells bend in the \_\_\_\_\_.

- |        |     |
|--------|-----|
| breeze | sun |
| wind   | air |

## Addition

$$\begin{array}{r} 5,789 \\ + 1,243 \\ \hline \end{array}$$

## Main Idea

In May, it often rains a lot. The rain helps flowers and trees grow. Some kids like to splash in puddles when it rains. Be careful, rain can make roads slippery!

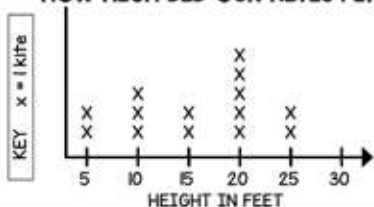

CIRCLE THE MAIN IDEA.

- May is a rainy month.
- Playing in puddles is fun.
- Slippery roads are dangerous.

## Line Plots and Measurement.

Use the information in the line plot to answer the questions.

HOW HIGH DID OUR KITES FLY?

- What was the highest height reached by the kites? \_\_\_\_\_
- How many kites flew to 30 feet? \_\_\_\_\_
- Oops! A kite is behind a tree 20 feet in the air. Add it to the plot.
